Environmental Justice Symposium (North)

March 14–15, 2016

CDA Training Center
921 11th Street, Suite 300
Sacramento, CA 95814

This tuition-waived symposium provides an opportunity for prosecutors to familiarize themselves with environmental justice mandates contained in **California Government Code Section 65040.12** and **Public Resources Code Sections 71110-71116**.

The program is aimed at prosecutors, regulators, NGOs, and environmental justice advocates from the Northern California region.

The Environmental Justice Symposium will provide a basis by which the attendees can explore possibilities of collaboration in an effort to identify and potentially address **air, water, and hazardous waste issues** unique to environmentally impacted communities in Northern California.

Two highly successful similar events were held in conjunction with the Los Angeles District Attorney's Office in April 2014 and the Los Angeles City Attorney's Office in December 2015.
